SPORT REVOLUTION

Thank you for choosing one of Roberto Sport's products. Our tables are famous for their quality and accuracy of their components. Roberto Sport has been producing table soccer, pool and hockey tables for more than 70 years. Huge experience and tradition, constant research and innovation have brought Roberto Sport's name as a synonym of the "Made in Italy" football tables all over the world.

This table is an **Official Competition table** for:

A unique single table suitable for different playing styles. By changing only the ball you can train on either the international style or the Rollerball style.

GENERAL WARNINGS

Unpacking and assembly operation should be carried out entirely by adults. Keep children away throughout all steps. All small parts such as bolts, screws etc., not yet assembled, and nylon bags might be swallowed or inhaled.

CARE & MAINTENANCE

The model you just bought is for **INDOOR USE**. For this reason we suggest you to install it in sheltered environment, with low humidity degree and direct sun beam free.

In order to keep your tables performance at a high level, we suggest you clean it periodically by using a humid dust cloth. For difficult stain you may use abrasive-free detergents. For an utmost sliding rods: we suggest you get the external part of the rod lubricated (the one in touch with the bushing) along with the rod's internal part by using a silicon spray. **Roberto Sport** uses and supplies a special silicon spray studied, produced and tested for these purposes. Do not use grease; it holds the dust and might block the rod sliding. The telescopic rods assembled on this table are of a highly safe. To prevent rods bending, we recommend you do not load weight on the rods when extended.

For any problem you might have, or any info you might need, do not hesitate to visit our web site: www.robertosport.it or contact us at: sales@robertosport.it

WARRANTY

Roberto Sport has a two- year warranty for its products starting from the acquisition date. Warranty covers manufacture defects only; it doesn't cover damages caused by misuse or assigned to be due to wear & tear. A manufacture defect must be reported at the earliest by a written communication within two months. A written notification must be sent to the vendor. Roberto Sport is committed to restore the table with no charge on the buyer by repairing or replacing the damaged part/parts or by offering a discount.

PARTS LIST

3		Lubricant spray
10		5 ITSF Balls / 5 Rollerball balls
1		Scoring unit

Material for legs assembly

1		Allen spanner 5 mm
4		Foot
16		Allen screw 8x35 m
4		Threaded connection with nut
4		Metal flat washer 12x36mm

Material to fix the rods

35		Screw for bushing 5x20
1		Complete set of rods

ASSEMBLY INSTRUCTIONS

The football table is packed in a carton box with the rods and legs to be assembled. The assembly operation is very simple and needs about 30 minutes. To start please follow the below instructions.

Please read and keep these instructions for future reference.

Legs assembly

Join the 2 disk pieces that form the leg leveler.

Place the rounded head threaded connection into round hole in the foot's center and hit it by a hammer until it is fixed (leave the nut on the end of the connection as shown in the photo so as not to damage it).

Screw the nut to the end of the threaded connection, insert the washer and tighten the foot on the leg.

Assemble the legs to the table's body by using the allen spanner to fix the screws 8x35

Rods assembly and aluminium edge

1. Insert the rods in the holes starting from the handles side
2. Set the bushing with the screw holes upwards
3. Fix the bushing with the 5x20mm screws

4. Fix the coin counter with the correspondent screws
5. Fix the aluminium edge with the screws
