## ADRENALINE

Thank you for choosing one of Roberto Sport's products. Our tables are famous for their quality and accuracy of their components. Roberto Sport has been producing table soccer, pool and hockey tables for more than 65 years. Huge experience and tradition, constant research and innovation have brought Roberto Sport's name as a synonym of the **"Made In Italy"** football tables all over the world.

### GENERAL WARNINGS

Unpacking and assembly operation should be carried out entirely by adults. Keep children away throughout all steps. All small parts such as bolts, screws etc., not yet assembled, and nylon bags might be swallowed or inhaled.

### CARE & MAINTENANCE

The model you just bought is for **INDOOR USE**. For this reason we suggest you to install it in sheltered environment, with low humidity degree and direct sun beam free.

In order to keep your tables performance at a high level, we suggest you clean it periodically by using a humid dust cloth. For difficult stain you may use abrasive-free detergents. For an utmost sliding rods: we suggest you get the external part of the rod lubricated (the one in touch with the bushing) along with the rod's internal part by using a silicon spray. **Roberto Sport** uses and supplies a special silicon spray studied, produced and tested for these purposes. Do not use grease; it holds the dust and might block the rod sliding. The telescopic rods assembled on this table are of a highly safe. To prevent rods bending, we recommend you do not load weight on the rods when extended.
